Your Submission:	<p>Lyttelton/Mt Herbert Community Board Submission to Councils Draft Annual Plan kg</p> <p>From a ratepayers perspective the CCC communication regarding the LTCCP is obscure, vague and is layered with bureaucratic opacity. Without clarity of the issues people don't feel (or trust) that council represents the values of the constituents. I wish to express my unequivocal support of the Lyttelton/Mt Herbert Community Boards response to the LTCCP as they bridge the gap between community and CCC.</p> <p>Anne Skelton 21 College Road.
