Your Submission:

My support as below

Which principles and/or provisions of the Draft Amended Development Contributions Policy (DCP) do you support and why?

I support the additional spend in the Economic Development section of the Draft Plan on page 30 where it states that additional funds will be spent on the Be There and Whats On campaigns in Christchurch. I believe that this is important to continue to grow Canterbury as a destination for both domestic and international tourists and conferences. The infrastructure already available and the network of businesses working in this area are great and will do everything in their power to continue to support the Council too.

Which principles and/or provisions of the Draft Amended DCP do you oppose and why?

What exactly do you want the Council to do about the Draft Amended DCP?

Any other remarks/comments:
