## Submission form

Please be as specific as possible to help us understand your views. What do you want the Council to consider? What specific action you think the Council should take? Why should this be done? Please refer to specific pages of the draft Annual Plan.

Railway Station and Public Transport (DI would like the council to consider miving the Christchurch Railway Station back to the old railway station in Moorhouse Avenue. The station at Tower Junction is not suitable where it is because: (a) It is not easy to get to on public transport (b) is not in the central city and not saitable if it is to be used for public transport in the Christchurch area (c) It is not visable from the main road Most people probably don't know where it is (d) It is not in a good place to promote Christchurch and New Zealand If the railway station is moved back to Moorhouse Avenue it will promote the above and our Tranzalpine and Tranz coastal rail journey's 2 I would like the council to consider using trains on the existing railway tracks for public transport in the Christchurch area This could be used for the area's (q) certrel -Belfast - Karapoi - Rangiorg (b) Central -Riccarton - Homby (C) Central - Lyttelton This would ease the truffic congestion in Christchusch and lower air pollution The price of petrol is high at the moment and will most probably go higher in the future I also love train's and it would be great to see more train's in Christchurch. It would not cost much to implement this You may add more pages if you wish. Thank you for your submission.
