Please be as specific as possible to help us understand your views.

What do you want the Council to consider? What specific action you think the Council should take?
Why should this be done?

Issue to consider

New Kerbside wheelie bins.

Specific Action,

Council to collect our wheelie bins from the rear of our small property, or allow for the cost of a contractor to collect our bins from the rear of our property by allowing the appropriate deduction from our 4-monthly rate demands.

Reason for our request.

I am 79 years of age and have been disabled for most of those years. I have managed to get the black plastic bag to the kerbside over the years with the aid of a "mobility walker" provided by the Canterbury Health Board. Unfortunately, this is not possible with the new wheelie bins.

Our daughter, who is in fulltime employment and who is a very busy person working long and odd hours cannot be expected to help us. Our daughter-in-law is in a similar situation and she has 3 small children. She paid us a visit one SUNDAY and we had to ask her to put our Wednesday bin with the yellow top at the kerbside while she was here. My wife is disabled with arthritis and she also has 6 rods in her spine. She tried to bring our yellow top bin in from the kerbside but she could not move it, when empty.

Conclusion.

We consider the new rubbish bins to be necessary and regret that we must sound so negative.

You may add more pages if you wish. Thank you for your submission.
