

## 22. STORMWATER/SEWAGE PROBLEMS - INNESMAY AREA

<b>Officer responsible</b> Community Advocate	<b>Author</b> Barbara Lindsay, Community Secretary
Corporate Plan Output: Advocacy	

The purpose of this report is again to bring to attention recurring problems with overflowing stormwater and sewage in the area covered by the Innesmay Neighbourhood Group.

### BACKGROUND

Following periods of heavy rainfall complaints have been received of raw sewage bubbling out of the street sewers and flowing into neighbouring properties. These problems became evident again following the downpour on 18 July.

While the problems have been referred to the appropriate Council Unit, residents are concerned about the health hazard resulting.

### Chairperson's

**Recommendation:** That a report be requested from appropriate staff on ways to address the issue and on future works needing to be undertaken.
