

14. DA VINCI LANE–REFUSE COLLECTION

RR 9132

Officer responsible Waste Management Manager	Author Lois Anderson, Community Technical Adviser
Corporate Plan Output: Collections Operations	

The purpose of this report is to advise the Board of an application from residents of Da Vinci Lane for a refuse collection service and to seek the approval of the Board accordingly.

In May 1997 the Council agreed to the extension of the refuse collection service down private right of ways (Lanes) in accordance with certain criteria. This service was operational from August 1997, and is available on request, assuming the criteria are met.

An application for this service has been received from the residents of Da Vinci Lane who until October 1998, received a refuse collection. This was discontinued when the Council installed a “Private Lane” sign at the entrance to the lane.

The present application meets all the requirements and the Contractor has agreed to recommence the service once approval has been given.

Recommendation: That the application by the residents of Da Vinci Lane for a refuse collection service be approved.

Chairman’s Recommendation: That the foregoing recommendation be adopted.
