The purpose of this report is to update the Board on the provision of secure storage for cycles at the Centennial Pool Redevelopment.

A cycle stand area for 53 cycles will be provided in front of the pool building on the Armagh Street frontage. The area will include 6 lockable cycle enclosures and 47 cycle stands as shown on the attached plan.

Because of the cost and space needed for the lockable cycle enclosures, the Leisure Unit has requested that six be provided initially. If there is sufficient demand, consideration will be given to increasing the number in the future.

The cycle stand area will also have a CCTV (Closed Circuit Television) camera system operating, complete with a video recorder.

Recommendation: That the information be received.
