**51.2 BOARD PROJECT FUND ALLOCATION**

The Board's Project Fund allocations need to be considered by the Board this month. This process involves the assessing of suggestions made by the Community alongside the Board's own projects and those put forward for the Board's consideration by officers.

Thursday 18 February 1999 at 4.30pm has been suggested as a suitable occasion for the Board to hold its project funds meeting.

**Recommendation:** That the Board determine a suitable date and time for holding a project funds meeting.

**51.3 BOARD REPRESENTATION ON OUTSIDE ORGANISATIONS**

**51.4 YEAR 2000 PROJECTS**

The Board has funded in previous years provision for Year 2000 projects. Paul Melton, Funds and Planning Manager, is to confirm for the Board the amount available at the present time.

Board members will recall that, at the meeting of the Board held on 5 August 1998, the Board considered whether it would be appropriate to proceed with consideration of possible Year 2000 projects at that meeting or whether to leave decisions on these projects to the incoming Board, in whose term of office the Year 2000 would occur.

At that meeting, the Board decided that consideration of possible Year 2000 projects be deferred until the election of the new Community Board had taken place.

The Board may now wish to address this matter and to consider setting up a small sub-committee (of say three Board members) to consider any funding requests submitted for Year 2000 projects.

**Recommendation:** That the Board discuss how it wishes to deal with Year 2000 projects and whether a subcommittee should be established to assess funding requests for these projects.

**Chairman’s**

**Recommendation:** That a subcommittee of the Chairperson and one representative from each ward be appointed to vet applications for support from this fund and to make recommendations to the Board

This is to do with the removal at present of the ramp and wants to know if it is to be replaced.

Unfortunately the officer from Coast Care who has the knowledge of this project is on annual leave and will not return in time for this order paper.
