

Officer responsible City Streets Manager	Author Lorraine Wilmshurst, Area Engineer
Corporate Plan Output: Board Discretionary Funding	

The purpose of this report is to inform the Board of the progress of the work planned for the Zig Zag.

A publicity leaflet showing the proposed landscape design for the Zig Zag was distributed to the residents of Panorama Road, Clifton Terrace, the Zig Zag and surrounding streets.

Three hundred leaflets were delivered and nine replies were received. All the replies received were in favour of the proposal for landscaping the Zig Zag but several commented on the type of planting proposed. The residents would like to see it planted in natives to encourage birds to return to the area and they would like to see the established trees kept. These comments will be passed on to the landscape architect and taken into account when the work takes place.

For work to commence on this proposal the Board may wish to consider allocating some funding from project funds.

Recommendation : That the Board give consideration to providing funding from its 1999/2000 Project Funds.

Chairman's

Recommendation: For discussion
