

15. PROPOSED ROAD NAMES WIGRAM BASE SUBDIVISION

Officer responsible Environmental Services Manager	Author Bob Pritchard
Corporate Plan Output: Subdivisions	

The purpose of this report is the approval by the Board of names for three new cul de sacs and a change of road name.

WIG/98/828 Wigram Aerodrome Limited Wigram Base - Wigram Ward

This stage of the subdivision will create two new cul de sacs off Henry Wigram Place, and one new cul de sac off Harvard Avenue. The applicant company has also requested that the name Henry Wigram Place be altered to **Henry Wigram Drive** as it is no longer a cul de sac. As the existing road was not a legal road, special order procedures will not be required to change the name. Five new names having a connection with military aircraft have been submitted, although one of these, Fairey is similar to Fair and Fairway which are already in use. The remaining names proposed are: **Consul Place, Iroquois Place, Lockheed Place and Electra Place.**

A plan showing the requested road names is attached.

Recommendation: That the Board approve the changing of Henry Wigram Place to Drive, and that three names are selected by the Board from the names: Consul, Iroquois, Lockheed and Electra.

Chairperson's

Recommendation: That the officer's recommendation be adopted.
