

9. STEWARTS GULLY RESIDENTS' ASSOCIATION

RR 9187

Officer responsible Community Advocate	Author Bruce Meder, Community Development Adviser
Corporate Plan Output: Community Services 8.4.16	

The purpose of this report is to seek formal recognition for the Stewarts Gully Residents' Association Inc Society.

A representative of the residents will be present to answer any questions.

This Association is located in Stewarts Gully and abutted to the south/west by the Kainga Residents Association and to the north/west by the Riverlea Estates Inc Society. The proposed boundaries of the association (as shown on the attached map) do not overlap either of these two residents groups.

The entire area is contained within one title (CT34c/157) shown on plan S013433.

There are 29 houses within this area with 28 belonging to the Association and one lessee, indicating that the Association is truly representative of the area.

Members of the Association will be in attendance at the Board meeting.

Recommendation: That the Stewarts Gully Residents' Association Inc Society be formally recognised as a Residents' Group.

Chairperson's Recommendation: That the officer's recommendation be adopted and the Stewarts Gully Residents Association be welcomed.
