

**16. CONTRACT NO 98/99-330  
GENERAL CARRIAGEWAY MAINTENANCE AREA 2**

RR 10078

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Richard Bailey, Maintenance Team Leader
Corporate Plan Output: Roading System Maintenance Carriageway and Kerb and Channels	

The purpose of this report is to obtain Committee approval for acceptance of a tender that is above the \$300,000 authority delegated to Council officers.

The contract is for carriageway routine maintenance that includes carriageway, channel repairs, adjustment of surface boxes, minor levelling and other minor maintenance work. The contract area comprises of approximately 500 km of carriageway and 950 km of channel within the Spreydon, Heathcote, Riccarton and Wigram Wards. This work is being tendered in accordance with the requirements of the Transit New Zealand Amendment Act (1995) which requires the Council to have publicly tendered all Transfund financially assisted maintenance work by 1 July 1998.

Areas 1 and 3 have previously been tendered and awarded to Works Operations and Fulton Hogan Ltd.

The tenders have been evaluated by the weighted attribute method as set out in Transfund New Zealand “Competitive Pricing Procedures Manual” and specified in the contract documents clause 107.1 of the “Conditions of Tendering”. This method takes into account the tenderers abilities in relation to this project with such things as experience, track record, methodology, management skills, as well as prices.

The results of the evaluation of the tenders is as follows:

	<i>Weighted Attribute Score</i>	<i>Tender Price</i>
Works Civil Construction*	67	\$989,504.00
Works Operations	57	\$1,057,513.35
Fulton Hogan Ltd	21	\$1,295,680.00

All prices exclude GST.

These prices include a contingency sum of \$175,000 and the work is for three years.

It is intended to fund this work from the carriageway and kerb and channel budgets for 99/00,2000/01 and 2001/02 years.

The estimated value for this work is \$1,240,000 (based on rates in Area 3 tendered last year).

As required by clause 2.7.2 “Tender Evaluation - Weighted Attribute Method” of the Transfund New Zealand “Competitive Pricing Procedures Manual”, “the tendering authority shall only enter into a contract for the tender which scores the highest overall index.

**Recommendation:** That the tenderer with the highest weighted attribute score and the lowest tender price, Works Civil Construction, of \$989,504.00 be accepted.

**Chairman's  
Recommendation:** That the above recommendation be adopted.
