

2. DEPUTATIONS BY APPOINTMENT

(i) **Wizard's Stone**

Pastors Chris and Steph McEwin, on behalf of a group of petitioners, wish to address the Committee in respect of their opposition to a stone being laid in the Square in recognition of the Wizard. Originally, representations were made to the Central City Committee some two years ago on the matter, and assurances were given at that time that the petitioners would be able to present their concerns to the appropriate committee of the Council.

(ii) **Penguin Colony, Boulder Bay**

The Taylors Mistake Association and the Port Hills 2000 organisation both wish to address the Committee on the proposal for the establishment of a penguin colony at Boulder Bay, which is designated as a TP2000 project.

The Taylors Mistake Association will be speaking on behalf of the Boulder Bay bach owners, while the Port Hills 2000 organisation will be addressing the penguin aspect, being represented by their Chairman, Di Menzies, and Dr Chris Challies.

- (i) (iii) Geoff Keey, ICON, wishes to address the Committee on the matter of noise from music emanating from North Hagley Park. This was a matter considered by the Committee at last month's meeting.
