

## **2. DEPUTATIONS BY APPOINTMENT**

### **2.1 NUT AND FRUIT TREES IN CHRISTCHURCH**

Councillors Barbara Stewart and Pat Harrow have sought speaking rights at the meetings of each Community Board to outline and seek the support of Community Boards for a proposal to plant fruit and nut trees in city parks. The deputation will also ask the Board to identify appropriate parks for these plantings.

Because of the need to cover the meetings of three Community Boards in one evening, the deputation is not expected to be available to address the Hagley/Ferrymead Community Board until 5.00pm.

A report on this proposal is included in the order paper for this evening's meeting.

### **2.2 DEPUTATIONS BY APPOINTMENT**

**“It's great to live here.”**

Rev Lyndsey McKay - The Minister of the Linwood Avenue Union Church, has sought speaking rights to address the Board to outline a celebration planned in the Eastgate Mall between 20 and 24 July 1999, called “It's great to live here.”

Voluntary Agencies, Play Centres, Schools, Churches etc, are taking part in this celebration, to promote the concept that it is great to live in the east of the city.

Ms McKay also wishes to invite Board members to take part in this celebration, and to invite the Board to consider using this as an opportunity to promote itself.
