

3. PETITIONS

NO PARKING AREA - HORSESHOE LAKE ROAD

A petition has been received from Mrs Helen Franks (*see attachment*), Lakewood Court Retirement Home, the prayer of which reads as follows:

“We, the undersigned staff members of the above rest home would request that the Traffic Department look into the providing of a no parking area on each side of our gateway. There is ample parking opposite here.

Most of us at some time have had near misses and time delays in our departures from this address. One staff member has been involved in an accident causing considerable inconvenience and expenses as well as personal loss to these people concerned.

This is a formal request, one fully backed up by the Constable who attended the above mentioned accident, and indeed, mentioned by him at the time.”

Chairperson’s

Recommendation: That the petition be referred to the Area Engineer for a report.
