

Officer responsible City Streets Manager	Author Brian Boddy Area Engineer
Corporate Plan Output: On-Street Parking Management	

The purpose of this report is to request that the Board consider the installation of a P.3. parking restriction on the newly constructed parking bay outside the Westburn School, and parking limit lines on the east side of Waimairi Road.

As Waimairi Road is a minor arterial the proposed works will need to be approved by the Council.

BACKGROUND

A request has been received from Westburn School that a three minute parking restriction be installed on the new parking bay in front of the school, to operate between the hours of 8.30 to 9.00am, Monday to Friday. Unfortunately these times could create a problem in the afternoon with long term parkers occupying the parking bay and stopping its use as a pick up area in the afternoon.

A second request was also made, that parking limit lines be installed opposite the school on each vehicle entrance. In the past, residents on this section of Waimairi Road have also suggested this.

PROPOSAL

That a P.3. loading zone be installed on the new parking bay at Westburn School to operate during the times of 8.30 to 9.00am and 2.45 to 3.30pm Monday to Friday when the school is open.

Recommendation: That it be recommended to the Council that:

- (a) The parking of vehicles be restricted to a maximum period of three minutes on the west side of Waimairi Road commencing at a point 50.0 metres north of the southern boundary of Westburn School and extending in a northerly direction for a distance of 69.5 metres. This restriction to apply from 8.30 to 9.00 am and 2.45 to 3.30 pm Monday to Friday.
- (b) Parking limit lines are installed on the east side of Waimairi Road starting at the southern boundary of No.238 and continuing in a northerly direction to the northern boundary of No.256.

Chairman's

Recommendation: That the above recommendation be adopted.
