

**2. DISPOSAL OF SURPLUS COUNCIL PROPERTY
200 LINCOLN ROAD**

RR 9415

Officer responsible Community Advocate, Beckenham	Writer Elaine Greaves, Committee Secretary
Corporate Plan Output: City Streets Road Widening - Fixed Assets	

The purpose of this report is to allow the Board the opportunity to comment on a possible Council surplus property disposal.

This property at 200 Lincoln Road was acquired for road widening purposes. Having taken the land required for the widening, the balance of the land may now be surplus to the Council's requirements.

A site plan and the property status report detailing information about this property are attached. The Board, along with all other Units of the Council, is asked to consider whether it wishes to make a submission for the retention of the property for any specific purpose.

Recommendation: For consideration.
