The purpose of this report is to advise the Board of correspondence received from the Canterbury Regional Council (attached) regarding a public hearing on a domestic coal ban for Christchurch.

In October 1997 the Spreydon-Heathcote Community Board made a submission to the Canterbury Regional Council (copy attached) however, its submission did not deal specifically with the coal ban.

Chairman's

Recommendation:

1. That the Canterbury Regional Council be advised the Board does wish to make a written submission on the subject of the domestic coal ban.
2. That this matter be referred to the Community Affairs Committee for in-depth discussion and drafting of a submission.
