

Officer responsible City Streets Manager	Author Brian Boddy Area Engineer
Corporate Plan Output: Public Transport	

The purpose of this report is to ask the Board to consider the installation of a new bus stop outside No.42 Rossall Street on the Nos 17 and 22 bus routes as shown on the **appended** plan.

BACKGROUND

A request has been received that a new inbound bus stop be installed 54 metres south-east of the existing outbound stop at No. 39 Rossall Street. The property owners of No. 42 Rossall Street (Rangi Ruru Girls' School) are in agreement with the proposed bus stop being outside their property. There is a distance of 180 metres and 150 metres to the nearest inbound bus stops (in each direction). The Canterbury Regional Council's David Berry has been consulted and is in agreement with the proposal.

PROPOSAL

Considering the above information it is appropriate for a new inbound bus stop to be installed at No. 42 Rossall Street.

Recommendation: That a bus stop be installed outside the property of No. 42 Rossall Street on the Nos 17 and 22 bus routes.

Chairman's

Recommendation: That the foregoing recommendation be adopted.
