

Officer responsible City Streets Manager	Authors Brian Boddy Area Engineer
Corporate Plan Output: Safety Improvements	

The purpose of this report is to advise the Board that five letters have been received from residents in Tudor Avenue, Gothic Place, and Waimairi Road requesting that traffic calming be constructed in Tudor Avenue and on its intersections with Waimairi Road and Gothic Place.

The petitioners request this action to address the basic issues of:-

- Vehicles using the street as a shortcut, and
- Speeding vehicles.

The Area Engineer is investigating the issues raised and will report back to the August 1999 Board meeting.

Recommendation: That the information be received and the Area Engineer report back to the Board meeting in August 1999.

Chairman's

Recommendation: That the foregoing recommendation be adopted.
