Corporate Plan Output: Street Marking and Signs 9..6.9	

The purpose of this report is for the Board to consider recommending to the Council that no stopping restrictions be imposed on narrowed sections of Marine Parade where off-street parking has been provided.

To be consistent with the City Plan change in designation of Marine Parade from a Minor Arterial to a Collector, and after community input into the North New Brighton Neighbourhood Improvement Plan, it is appropriate to develop Marine Parade to cater for local traffic with a kerb to kerb width of not more than 12 metres.

Coast Care have recently extended the formalised parking areas and protected pedestrian access routes to the beach. Where off street parking has been provided, Marine Parade has been narrowed further and “no stopping” restrictions need to be installed in these areas.

Two areas of Marine Parade are involved – between Flemington Street and Lever Terrace and between Tovey Street and Caspian Street.

**Recommendation:** That the Council prohibits the stopping of vehicles at any time in the following locations:

1. On the eastern side of Marine Parade commencing at a point opposite the northern kerb line of Tovey Street and extending 8 metres in a northerly direction and in a southerly direction for a distance of 18 metres.
2. On the eastern side of Marine Parade commencing at a point opposite the northern boundary of number 314 and extending 14 metres in a northerly direction and in a southerly direction for a distance of 1 metre.
