

<b>Officer responsible</b> Community Relations Manager	<b>Author</b> Mary Richardson and Lousie Birkett for Out of School Programme Working Group
Corporate Plan Output: Community Service 6.1 text 100ii	

The purpose of this report is to propose an Out of School Programme policy for the Council to help guide Council's activities in this area.

The policy provides a framework within which priorities can be identified. It expresses the limits within which action should occur rather than determining what action will occur. It has been prepared based on Council and Community Board research and widespread consultation with Community Boards, Councillors, Out of School Programme providers, Council staff and the Out of School Care and Recreation (OSCAR) Network. It has the endorsement of Community Boards.

An Out of School Programme Policy Development Report is separately circulated to this report. This report provides information on the needs, benefits and provision of Out of School programmes in Christchurch along with the background to the Council's involvement in this area.

The report also provides background information on the funding of Out of School Programmes in Christchurch as requested by Councillors and Community Board members. It reports on the recent policy consultation and presents the feedback from Community Boards, Councillors, Out of School Programme providers, Council staff and the Out of School Care and Recreation (OSCAR) Network.

It also provides a summary of the recommendations regarding the Council's and Community Boards' support for Out of School Programmes contained in the Kirk Report (1997) and other Community Board research. It includes copies of the National Association for Out of School Care and Recreation (NA OSCAR) recommended Minimum Standards for Out of School Programmes. The report also provides a map of Out of School Programmes in the city.

**Recommendation:** That the Committee endorse the Out of School Policy as outlined in the Out of School Programme Report.

**Chairman's**

**Recommendation:**

1. That the Committee recommend the Out of School Programme Policy to the Council for adoption.
2. That the Out of School research worker assist Community Boards to develop a strategic plan for future priorities and directions.
