

16. PRIVATE LANE COLLECTION - MACANN LANE

RR 10827

Officer responsible Community Advocate, Beckenham	Writer Iris Watt, General Technical Clerk
Corporate Plan Output: Solid Waste	

The purpose of this report is to gain approval for residents of Macann Lane to have their rubbish removed by the Christchurch City Council refuse collection contractors. Macann Lane is a private lane and permission is required before collection can begin.

The application has met all the standard requirements for collection (see below), including signed approval from all the property owners.

Details		Requirement
Lane Width		3.0m kerb to kerb (or fences)
Lane Grade	Flat	No steeper than 1:5
Overhanging trees/shrubs	N	Not to impede trucks ability to negotiate lane
Can truck negotiate lane	Y	Test will be performed with 6.3 x 2.4m wide x 2.2m high truck
Number of dwelling units	11	5 minimum (will not collect for less than 5)
Lane length		80m minimum
Is application unanimously supported by all lane owners	Y	
Is lane a mutual Right of Way or a development	Y	Mutual Right of Way required

Recommendation: That the application be approved.
