

## 7. SUNDIAL AT NEW BRIGHTON

<b>Officer responsible</b> Parks Manager	<b>Author</b> Chris Freeman, Parks Planning Team Leader and Kelly Hansen, Parks Planner
Corporate Plan Output: Applications and Consents	

The purpose of this report is to obtain approval for the temporary location of the New Brighton Residents' Association's sundial at New Brighton. The report has been referred to the Burwood/Pegasus Community Board for comment.

The New Brighton Residents' Association has commissioned Katherine Thornton to carve a sundial to be installed at New Brighton. The sundial is to be located on the proposed paved walkway adjacent to the playground (see tabled plan).

Due to a shortage of capital funding, the landscaping of the foreshore park north of the Pier may still be some time away. The Residents' Association has requested, therefore, to be able to site the sundial in front of the pier building on the northern side.

At the time of writing this report, no detailed plans were available regarding surrounding paving and costs of installing the sundial. It is hoped that the Residents' Association will meet the costs of siting the sundial, as there are no further capital funds available for New Brighton.

**Recommendation:** That permission be given for the New Brighton Residents' Association to locate the sundial in front of the pier building on the northern side.

The Burwood/Pegasus Community Board decided to recommend to this Committee as follows:

1. That the aforementioned recommendation be adopted.
2. That the landscape plan for the foreshore be developed with projects identified and costed to allow community groups to become involved in funding for these projects.

### **Chairman's**

**Recommendation:** That the Community Board's recommendation be adopted.
