Corporate Plan Output: Fendalton/Waimairi Community Board Vol1, 3.1 text 7	

Board member, Pat Harrow has recently returned from an overseas trip which included his attendance at a Global Urban Conference in Europe. Pat has prepared a summary report covering a number of observations during his visit, and has expressed an interest in presenting his findings to the Board.

It would seem appropriate that a separate time be set aside for discussion on the various issues that Pat has raised, with the best opportunity likely to be at the next informal meeting between the Board and its supporting officers.

**Recommendation:** That at the next informal meeting between the Board and staff, Pat Harrow be invited to present his findings to this forum.

**Deputy Chairman's**

**Recommendation:** That the foregoing recommendation be adopted.
