

## 10. HALKETT STREET: GOODS SERVICE VEHICLE ZONE

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Peter Atkinson , Area Engineer (Central City)
Corporate Plan Output: On Street Management	

The purpose of this report is to create a goods service vehicle zone in Halkett Street to service local businesses in this street.

There have been a number of changes in the businesses in this street and a request has been received to overcome problems with the number of cars parking in the street and there being no opportunities for larger vehicles to service the area. It is proposed to locate an area for Goods Service Vehicles only on the northern side of the street. There are no other parking restrictions in this street. Halkett Street is a short no exit street off Antigua Street.

This proposed restriction is supported by all the businesses in the immediate area and the Parking Manager

**Recommendation:** That an area for goods service vehicles only be created on the northern side of Halkett Street commencing at a point 52 metres measured in an easterly direction from a point opposite the eastern kerblines of Antigua Street and extending in an easterly direction for a distance of 27 metres.

**Chairperson's Recommendation:** That the officer's recommendation be adopted.
