

11. WINSTON AVENUE - P5 TIME LIMIT PARKING

Officer responsible City Streets Manager	Author Lindsay Eagle, Area Engineer
Corporate Plan Output: Signals, Signs and Shelters 9.5.94	

The purpose of this report is to seek the Board's approval for the installation of a P5 parking zone on the northern side of Winston Avenue to the west of Main North Road.

Customers calling at the bank on the corner of Winston Avenue are finding it difficult to find a place to stop for a very short-term and have been causing problems by double parking in this section of Winston Avenue. Double-parked cars are effectively blocking the road to all traffic causing frustration and safety concerns for other road users.

The property manager of the National Bank has requested that a short-term parking zone for one car is created in this area to service adjoining businesses and to reduce traffic congestion caused by the double-parked vehicles. P5 At Any Time is also appropriate in this instance to provide access to the ATM on the corner.

Owners of adjoining businesses have been approached and agree with this proposal.

Recommendation: That the parking of vehicles be restricted to a maximum period of 5 minutes at any time on the northern side of Winston Avenue commencing at a point 23 metres west of the intersection with Main North Road and extending in a westerly direction for a distance of 6 metres.

Chairperson's Recommendation: That the officer's recommendation be adopted.
