

## 16. NEW BRIGHTON WORKING PARTY UPDATE

<b>Officer responsible</b> Community Advocate	<b>Author</b> Community Secretary
Corporate Plan Output: Public Consultation	

The purpose of this report is to update the Board on a submission to the Annual Plan Working Party, made by the New Brighton Working Party, for funding towards developments at the eastern end of New Brighton Mall.

The New Brighton Working Party has met since late last year to look at options for the redevelopment of the eastern end of the Mall and parking issues in Beresford Street. At its meeting of Wednesday 16 February 2000 the Working Party agreed to the attached (*see pages 39-43*) concept option 1, and the attached (*see page 44*) carparking design in Beresford Street. The Working Party made the following recommendations to the Annual Plan Working Party:

1. To support concept option 1 for the redevelopment of the eastern end of New Brighton Mall, and a bid to the Annual Plan Working Party for an additional \$88,600 to complete this option.
2. To accept the 'existing carpark using Mafeking Street with two way Beresford Street retained' concept plan.
3. That consideration be given to substitution of other works and selling surplus Council carpark land to finance the works.

### **Chairperson's**

**Recommendation:** That the Board support the recommendations of the New Brighton Working Party.
