INTRODUCTION

The purpose of this report is to ask the Board to approve the installation of a five minute parking restriction in Rhodes Street to act as a school drop-off and pick-up area as shown on the **following** plan.

BACKGROUND

A request has been received from the Rangi Ruru Pre School that a loading zone restriction be installed on its Rhodes Street frontage. There is presently a lack of space for parents to stop which causes congestion and double parking to occur. The purpose of the restriction is to provide a drop-off and pick-up area for parents whose children attend the College and/or Pre School. Rangi Ruru owns all the property fronting the proposed drop-off and pick-up area.

PROPOSAL

To provide an area for parents to drop their pre-school children off by creating a five minute parking restriction on the north side of Rhodes Street between Rossall Street and No.46 Rhodes Street during pre school drop-off and pick-up times.

Recommendation: That the parking of vehicles be restricted to a maximum period of five minutes on the north side of Rhodes Street commencing at a point 19.0 metres from its intersection with Rossall Street and extending in an easterly direction for a distance of 62.5 metres. This restriction to apply from 8.00 to 9.00 am, 11.45 am to 1.15pm, and 2.45pm to 3.15 pm, Monday to Friday

Chairman's Recommendation: That the foregoing recommendation be adopted.
