

14. PROPOSED BUS STOP SEAT - ESTUARY ROAD/HALSEY STREET

Officer responsible City Streets Manager	Author Andrew Hensley, Assistant Planner
Corporate Plan Output: Public Transport Initiatives and Planning	

The purpose of this report is to seek the Board's approval to install a seat at the bus stop outside 330 Estuary Road. Elderly people in the area have requested that a seat be provided.

The owners of 330 Estuary Road are opposed to a seat being installed, and have been informed that the matter will be placed before the Board.

This is a local issue and as a seat would benefit bus users the Board is being asked to determine whether or not a seat is to be installed.

- Recommendations:**
1. That a bus seat be installed at the bus stop outside 330 Estuary Road.
 2. That the owners of 330 Estuary Road be informed of this decision.

Chairperson's Recommendation: That the aforementioned recommendations be adopted.
