

22. REFUSE COLLECTION – BLUEBELL LANE

Officer responsible Waste Manager	Author John Dunphy, Community Technical Advisor
Corporate Plan Output: Solid Waste	

The purpose of this report is to seek approval from the Board of an application to collect refuse from a private lane.

Mrs M Growcott, 7 Bluebell Lane, has applied on behalf of the residents of Bluebell Lane for a refuse collection to be established in that Lane.

Bluebell Lane is a private lane situated off MacKenzie Avenue and presently consists of 11 dwellings. The application is signed by 8 residents from 7 dwellings. Some properties are not occupied yet.

An inspection of the Lane confirmed that it complies with the Council's criteria for refuse collections in private lanes. A test run with a refuse truck was completed successfully and no problems are perceived in starting the service.

Recommendation: That the application from Mrs M Growcott to establish a private lane refuse collection service from Bluebell Lane be approved.

Chairman's Recommendation: That the above recommendation be adopted.
