

5. CORRESPONDENCE

5.1 NEW BRIGHTON ROAD - PEDESTRIAN REFUGE ISLAND

The following letter was received from Munjula Andrews, Kate Sheppard Lifecare Centre, regarding the pedestrian refuge island to be placed in New Brighton Road:

“Mrs Mary Johnston passed a copy of your letter re the approval of the above pedestrian refuge island onto our administration office. She is absolutely delighted and we would just like to pass on our appreciation that the island is going ahead.”

Chairperson’s

Recommendation: That Mrs Johnston and the Lifecare Centre be advised that technical planning issues still need to be resolved before installation of the island is approved.

5.2 AWARDS

The following letter was received from Gary Hales and his children Jessica and Jonathon, expressing their appreciation at the Certificates of Acknowledgement awarded to them:

“My family would like to thank you for the wonderful awards you gave each of us on 28 February 2000. My children and myself were very excited and grateful to all of you.

Thank you so much, and we will continue to serve our community with the love, dignity and dedication that it deserves.”

Chairperson’s

Recommendation: That the letter be received.

5.3 PROPOSED BUS STOP ON WAINONI ROAD

The following letter was received from Yvette and Mahuta Teika, regarding a proposed bus stop/shelter on Wainoni Road:

“I am writing to express my concern with regards to a bus stop being built outside my home. My husband and I strongly oppose the Christchurch City Council’s proposal to build a bus stop/shelter outside our property on Wainoni Road. This for the following reasons:

- *The loitering of people ie school children.*
- *The possibility of graffiti on our fence, which has just been built and recently painted.*
- *Noise.*
- *Outlook from our property.*
- *Off-street parking will be unavailable.*
- *Access to our driveway, as our fence does not secure the driveway from the public. Giving people access to damage or steal our car.*
- *Devaluation of our property.*

These are just some of the issues concerning my husband and I. We would appreciate it if you would move the bus stop approximately 100 metres down the road, or not directly outside our house.

Just a question to everyone on the Burwood/Pegasus Community Board, would you want a bus stop/shelter right outside your front door?

I look forward to a positive reply from you.”

Chairperson’s

Recommendation: That this matter be considered under Clause 12 of today’s Agenda.
