

4. SUBMISSION TO DRAFT CHRISTCHURCH CITY COUNCIL PLAN 2000 EDITION

Officer responsible Community Advocate	Author Walter Friedel, Community Secretary
Corporate Plan Output: Burwood/Pegasus Community Board Vol 1, 3.1 text 7	

The purpose of this report is to suggest a process to enable the Board to provide input to the draft Christchurch City Council Plan 2000 Edition. A copy of the capital works projects specific to the Burwood/Pegasus area are specified in the draft Christchurch City Council 2000 Community Plans, pages 4-15.

The timetable for the balance of the programme leading up to final adoption of the Plan is as follows:

	Draft Plan now available for public submission
29 May	Closing date for submissions
16 to 21 June	Hearing of Submissions
6 July	Council meeting to adopt final version of the Plan

All Board members have received copies of both the draft Christchurch City Council Plan and the Burwood/Pegasus Community Plan. The process from here is to discuss the Strategic Elements and Forward Capital Programme in particular to assess if they align with the community's perceived focus and direction.

Insofar as consideration of the Forward Capital Programme is concerned the Board has the opportunity to consider its priority list formulated at the August Capital Works Submission Special Meeting and resubmit those projects that were not included in the draft Annual Plan. A copy of the Board's priority list is attached. The Board also has the opportunity to place submissions on the timing of works, for example it may see a project that is allocated to the 2003/04 financial year that it wants brought forward to the 2002/03 financial year.

As a starting point the Chairperson has suggested that the following topics be discussed:

- Marshland School - 40 km/h
- Traffic calming generally - more funding
- New Brighton - retention of current funds, housing fund
- Travis Road - cycleway
- Frosts Road - cycleway
- Bus shelters - more needed
- Cycleways generally - need more?
- Bexley Wetlands - removal of contaminates ex Cunningham's yard
- Irrigation of Ascot Fields
- QEII - retention of public access to fields area - local park

- Parklands - retention of \$200,000, angled parking on Queenspark Drive, lighting in car park.
- Coast Care
- Redemptionist Monastery

- Recommendations:**
1. That the Board prepares a submission to the draft Christchurch City Council Plan 2000 Edition based on the discussions from today's meeting.
 2. That the Chairperson and Deputy Chairman present the Board's submission to the Hearings Panel.

Chairperson's Recommendation: That the aforementioned recommendations be adopted.
