Corporate Plan Output:	

The purpose of this report is to allow the Committee to consider an invitation for Councillor Wright to attend the NZIA National Award presentation in Auckland.

The New Zealand Institute of Architects – Resene Architecture Awards is an annual event, with the Awards Gala Dinner to be held in Auckland on Tuesday 30 May 2000.

The National Awards are made annually for building projects considered by the NZIA to be meritorious in their design. There are three levels of award; branch, regional and national.

The fact that Council representatives have been invited to attend this gala presentation dinner indicates that Council projects (noted below), nominated by their respective architects for a design award, have received some recognition. The Prime Minister will present the Gold Medal to this year's National Award winner. Watch this space!

Two recent Council projects will be acknowledged:

- Christchurch Pier Terminus – Architecture Warren & Mahoney – awarded a Regional Award to be presented on the night and nominated for the National Award.
- On the Beach – Wilson & Hill Architects – awarded a Regional Award to be presented on the night.

It should be noted that the Council's Property Asset Manager, who project managed the Pier Terminus Building project, will be attending this function in conjunction with other Auckland business.
