

**8. PROJECT FUNDS CARRY FORWARD
– ART IN THE LOCAL AREA**

Officer responsible Community Advocate, Beckenham	Writer Tony Winder, Community Technical Advisor
Corporate Plan Output: Community Board Projects	

The purpose of this report is to provide the Board with a progress report for this project.

Following the recommendation of the Board's 2 May 2000 meeting a request has been made to carry forward the \$3000 allocated for art in public places on the grounds that it will not be possible to commission any work before the end of the financial year.

The Spreydon-Heathcote sub-committee for Art in the Local Area, at its 10 May 2000 meeting, were in agreement that the \$3000 be spent in the Addington area.

Subject to approval of the carry forward request a working party comprising representatives of the Addington Business Association, the Addington Neighbourhood Association and Manuka Cottage will be established and the project progressed next financial year.

Several sites will be looked at including the old prison site. At this stage development on this site is unclear but this could be an ideal location for some art work.

Recommendation: That the information be received.
