(b) ILLUMINATED MAST ON CAVE ROCK

Walter Baguley has requested speaking rights to explain to the Board why the Sumner Life Boat Institute is unable to continue to maintain the illuminations on the mast on Cave Rock. This mast is at present illuminated at Christmas and New Year, Anzac Day and at Easter.

The Sumner Life Boat Institute finds itself unable to continue to undertake the role of maintaining this illuminated mast.

An agenda item allowing these concerns to be discussed will be found at a later stage of this agenda.
