

### 13. HORATIO STREET PARKING RESTRICTION

<b>Officer responsible</b> City Streets Unit	<b>Author</b> Lorraine Wilmshurst, Area Engineer
Corporate Plan Output: On Street Management	

The purpose of this report is to ask the Board to approve the installation of a parking restriction in Horatio Street.

This is an area with several small businesses that have no short term parking available. The area is parked out by commuters and students. A short term parking restriction will help eliminate some of the parking problems clients to these businesses are experiencing.

The proposal is supported by the businesses and the Parking Manager.

**Recommendation:** That the parking of vehicles be restricted to a maximum of 30 minutes on the south side of Horatio Street commencing at a point 10 metres from its intersection with Stewart Street and extending in a easterly direction for a distance of 50 metres.

**Chairman's Recommendation:** That the officer's recommendation be adopted.
