The purpose of this report is to ask the Board to consider a strategy to respond to the residents feedback in respect of street tree replacement programme in Jamell Place, Avonhead.

At its 30 June 1999 meeting the Board decided to retain all the silver birch trees in Jamell Place.

Subsequent to this a deputation to the 11 April 2000 meeting of the Environmental Committee asked for an alternative street tree replacement programme. The Board then promoted this to the community for consideration. A quick viewing of the responses received to this latest proposal showed that there is a divergence of opinion amongst the residents so the Board is asked to consider whether this issue should be considered by way of a special Board meeting to allow all views and opinions to be heard from which the Board can makes its recommendations to the City Services Committee meeting on 7 December 2000 for their resolution.

**Recommendation:** That the Board give consideration to a strategy in respect of the street tree replacement programme in Jamell Place.
