

21. CREYKE ROAD - PROPOSED PARKING RESTRICTION

Officer responsible City Streets Manager	Author Brian Boddy
Corporate Plan Output: On-street parking management.	

The purpose of this report is to seek approval to extend the existing five minute parking restriction on the north side of Creyke Road from the Medbury School exit for a distance of 24 metres to the east from 8.00 am to 9.00 am and 2.30 pm to 3.30 pm Monday to Friday. Creyke Road is minor arterial road.

BACKGROUND

Medbury School has requested that the five minute parking restriction be extended on the above section of Creyke Road so that parents can have a larger area near the entrance to the school to pickup/dropoff their children. The existing space available for the dropping off/picking up of children, both within and outside the school grounds, is inadequate. At present the proposed loading zone area tends to be parked out in the afternoon by parking from the University. This zone is at present under a P120 parking restriction.

PROPOSAL

It is appropriate to install a five minute loading zone restriction along the school frontage, operating from 8.00 am to 9.00 am and 2.30 pm to 3.30 pm Monday to Friday. Outside the times of operation of the loading zone restriction, the kerbside shall be available for parking.

The Fendalton/Waimairi Community Board supported the proposal at its meeting on 3 October.

Recommendation: That a loading zone with a maximum time limit of five minutes be created between the times 8.00 am to 9.00 am and 2.30 pm to 3.30 pm Monday to Friday on the north side of Creyke Road commencing 54.4 metres from the western boundary of Medbury School and extending eastwards a distance of 24.0 metres.

Chairman's Recommendation: Not seen by Chairman.
