

## 10. BUCHAN STREET PARKING P120

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Peter Atkinson, Area Engineer (Central City)
Corporate Plan Output: On Street Management	

The purpose of this report is to create a P120 parking restriction in Buchan Street between Carlyle Street and Byron Street.

A number of requests have been received for a parking restriction in the Carlyle Street/ Byron Street area to overcome difficulties with lack of readily available parking. This is an area where there is extensive long-term parking and a section of short-term parking would assist a number of businesses. The area opposite where the parking restriction is proposed, has recently been converted to angle parking to increase the parking supply in this area. There are no time parking restrictions in this immediate area.

The following recommendation is supported by the businesses in the immediate area and the Parking Manger.

**Recommendation:** That a parking restriction with a time limit of 120 minutes be introduced on the eastern side of Buchan Street between Carlyle Street and Byron Street.

**Chairman's**

**Recommendation:** That the officer's recommendation be adopted.
