

4. DEPUTATIONS BY APPOINTMENT

4.3 ICENG – INNER CITY EAST NEIGHBOURHOOD GROUP

Ms Belle Melzer has requested speaking rights to address the Board with a request for funding to meet the cost of a koha for professional planners to assist in preparing an Environment Court reference on the City Plan on behalf of eight residents' groups and two community organisations.

Board members will recall that Mr Robert Rozée addressed the 5 July 2000 meeting of the Board requesting a grant of \$3,000 for a very similar project. The Board at that time resolved “that, at this stage, the Board would not provide funding support to meet this request.” The minutes of that meeting further record “in adopting this resolution, Board members acknowledged that the Board would reconsider this matter in the event that a more specific proposal or a different proposal was brought before the Board.”

A letter from Belle Melzer presenting a formal request for this funding will be found under correspondence.
