

18. FERRY ROAD – BUS STOP

Officer responsible City Streets Manager	Author Lorraine Wilmshurst, Area Engineer
Corporate Plan Output: 9.5.100 Passenger Transport Infrastructure	

The purpose of this report is to ask the Board to recommend to the Council that the bus stop in Ferry Road at Charlesworth Street be repositioned.

As part of the extension to the Woolston Bus route through the Brookhaven subdivision, it is necessary to alter the bus stop in Ferry Road at Charlesworth Street. At present the stop is to the east of the intersection and so both the Sumner bus route and the Woolston route can use a bus stop at Charlesworth Street it is necessary to place it west of the intersection.

To rationalise these stops it is necessary to remove the stop east of the intersection and place it west of the intersection.

Recommendation: That the Board recommend to the Council

1. That the bus stop on the north side of Ferry Road commencing at a point 5 metres from its intersection with Charlesworth Street and extending in an easterly direction for a distance of 17 metres be removed.
2. That a bus stop be installed on the north side of Ferry Road commencing at a point 12.0 metres from its intersection with Charlesworth Street and extending in a westerly direction for a distance of 15 metres.

Chairman's

Recommendation: That the officer's recommendation be adopted.
