

16. HANMER STREET – GIVE WAY

Officer responsible City Streets Manager	Author Lorraine Wilmshurst, Area Engineer
Corporate Plan Output: On Street Management	

The purpose of this report is to gain Board approval for the installation of a “Give Way” control against Hanmer Street at Avonside Drive.

On completion of the kerb and channel renewal along the south side of Avonside drive in 1995/1996 a safety audit was carried out by Opus. One of the recommendations was that a “Give Way” be placed at Hanmer Street to allow traffic to clear from Avonside Drive into the side street.

To comply with the safety audit recommendations it is recommended that a “Give Way” control be placed against Hanmer Street at Avonside Drive.

Recommendation: That a “Give Way” sign be placed against Hanmer Street at its intersection with Avonside Drive.

Chairman’s

Recommendation: That the officer’s recommendation be adopted.
