

3. PETITIONS RECEIVED

1. TEMPLETON DOMAIN SKATEPARK

Under a letter received from the Secretary of the Templeton Residents Association, Allan Blondell and 46 other young persons write (abridged)

“...one of many skateboarders in Templeton and I was wondering if the Council could add on to Templeton skate park since I am only 13.....such as ramps, steps, more concrete, rails...”

The petition has been acknowledged.

The City Design office has done a rough order of costs and what is proposed by the petitioners could cost up to a maximum of \$5,000.

If the Board were happy to accede to the petition there would be a variety of funding options that could be pursued.

Chairperson’s

Recommendation: That the petition be received for discussion.
