

9. WAITIKIRI DRIVE: “GIVE WAY” SIGN

Officer responsible City Streets Manager	Author Malcolm Taylor - Area Engineer, DDI 371-1604
Corporate Plan Output: Street Markings and Signs 9.6.9	

The purpose of this report is to seek Board approval to install a “Give Way” sign in Waitikiri Drive at its intersection with Landfill Avenue.

Concern has been expressed by residents and motorists with regard to traffic movements at the intersection of Waitikiri Drive and Landfill Avenue. Waitikiri Drive is frequently used by residential traffic and recreational motorists from the Windsor and Waitikiri Golf Clubs and the Bottle Lake Forest Park. Landfill Avenue provides access for large bulk carrying vehicles to the Burwood Landfill site. Right of way between vehicles turning right out of Waitikiri Drive and large transport vehicles travelling west on Landfill Avenue is a concern at this intersection.

The installation of a “Give Way” sign will improve safety at this intersection.

Recommendation: That a “Give Way” sign be placed against the northern approach of Waitikiri Drive at its intersection with Landfill Avenue and its western approach to Waitikiri Drive.

Chairperson’s Recommendation: That the abovementioned recommendation be adopted.
