

## 5. BRENCHLEY AVENUE/COLLEGE AVENUE: PROPOSED KERB AND CHANNEL RENEWAL

<b>Officer responsible</b> Community Manager	<b>Author</b> Brian, Boddy, Area Engineer Fendalton DDI 3722-724
Corporate Plan Output: 2001/2002 Capital Works Programme	

The purpose of this report is to request that the Board approve the attached publicity plan for the renewal of the kerb and channel on both sides of and for the full length of Brenchley and College Avenues for distribution.

### BACKGROUND

These streets are on the capital works programme to have their kerb and dish channel renewed in the 2001/2002 financial year.

The residents have been surveyed and their feedback has been incorporated in the design. It needs to be noted that resident's feedback rejected speed humps and narrowing to control vehicle speeds. The majority also rejected the provision of parking bays to meet student parking demand.

An amount of \$300,000 has been budgeted for the work.

**Recommendation:** That the publicity plan showing the location of the proposed kerb and channel and associated works in Brenchley and College Avenues be distributed for public comment.

### Chairman's

**Recommendation:** That the foregoing recommendation be adopted.
