

20. REDWOOD WEST – LOCAL AREA TRAFFIC MANAGEMENT SCHEME

Officer responsible City Streets Manager	Author Lindsay Eagle, Area Engineer, DDI 371-1294 Basil Pettigrew, LATMS Coordinator, DDI 371-1542
Corporate Plan Output: Local Traffic Management	

The purpose of this report is to present the draft Redwood West Local Area Traffic Management Scheme to the Community Board and gain approval to circulate it to the public for comment. (A copy of the LATMS and a copy of the summary document is circulated under separate cover to Board members).

As a result of a petition from the residents of Uxbridge Street and to encourage public participation in the LATMS process a meeting was held in the Northcote School hall on 22 March 2000. A large number of concerned residents and Board Members attended to consider traffic safety improvements for inclusion in the LATMS. Other issues raised are also outlined in the list of concerns in the draft plan.

The LATMS has been prepared by the City Streets Unit in close consultation with the Environmental Policy and Planning Unit and Parks Unit.

An article on the Redwood West Local Area Traffic Management Scheme may also be included in the local newspaper.

DISTRIBUTION AND PUBLICITY

- All those who attended the public meeting in March 2000, will receive a copy of the summary document and be invited to comment further.
- The following will receive a copy of the LATMS document and five summary documents:
 - Northcote Primary School
 - Redwood Library
 - Redwood Residents Association

Counter copies will also be available from the Papanui Service Centre including 20 summary documents.

Summary documents \$2.50 per pamphlet. LATMS document \$18.00 each. Limited funds are available for printing.

SUBMISSIONS

These will be received from the above sources and/or the wider community prior to 31 March 2001.

ASSESSMENT

All submissions will be assessed and appropriate changes incorporated into the final document which will be referred back to the Community Board for adoption.

- Recommendation:**
1. That the draft Redwood West Local Area Traffic Management Scheme be circulated for public comment.
 2. That the proposed consultation steps be accepted.

Chairperson's Recommendation: That the officer's recommendation be adopted and that Board members meet with residents groups to present the LATM.
