At its 21 November 2000 meeting the Board considered a report outlining consultation to date regarding the proposed update of the Waimea/Hunter Terrace riverbank area. At that meeting, the Board resolved:

- “1. *That a plan for the upgrade of the area adjacent to the present Beckenham Service Centre site be held over, pending a decision on the proposed new service centre/library.*
2. *That a draft landscape plan be prepared and distributed to the wider Beckenham loop area.”*

Chairman’s

Recommendation: That the petition be received and referred for consideration as part of the formal consultation process currently under way.
