

## 22. HEREFORD STREET P 5 LOADING ZONE

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Peter Atkinson, DDI 371 1662
--	---

The purpose of this report is to seek approval to reduce the size of an existing motorcycle parking area and to create a P5 loading zone in its place.

On the southern side of Hereford Street to the east of the Colombo Street intersection there is an area designated as a motorcycle parking area. The extent of this motorcycle area exceeds the demand for the number of motorcycles that presently use it. The area is adjacent to a post box and is used for servicing a number of business in this locality. The proposed loading zone will better recognise the activities that take place at this location.

The Parking Operations Manager supports the proposed loading zone.

- Recommendation:**
1. That a loading zone with a time limit of 5 minutes be created on the southern side of Hereford Street commencing at a point 55 metres measured in a easterly direction from a point opposite the eastern kerbline of Colombo Street and extending in an easterly direction for a distance of 10 metres.
  2. That the existing parking restrictions in the above described area be deleted.

**Chairman's Recommendation:** That the above recommendation be adopted.
