The purpose of this report is to inform the committee of the entries submitted to Creative New Zealand for the 2001 Creative Places Award.

Collectively New Zealand local authorities make a huge investment in the arts in New Zealand. Creative New Zealand, with the endorsement of Local Government New Zealand established this award in 1999 to acknowledge the key roles that local authorities play in the arts.

The particular award recognises and celebrates outstanding, innovative work by local authorities in the arts.

Two entries have been submitted:

- Blue
- The Art and Industry 2000 Biennial

Full details of these two entries are appended to the report.

The judging panel will select a winning entry in each category, with the Creative Places Premier Award to go to one of the category winners. All category winners and the Premier Award winner will receive a certificate and a contemporary New Zealand art work.

The winner will be announced at the awards ceremony to be held at the Local Government New Zealand Conference in July at Wellington.
